

SUI ● A Savings Opportunity for ● Community Health Centers

If your Community Health Center (CHC) pays quarterly state unemployment insurance (SUI) taxes, you are most likely overpaying for SUI. Nonprofit employers, like CHCs, are joining First Nonprofit (FNP)'s unemployment programs and saving up to 60% on 2024 SUI taxes! It's essential to check how much your CHC is spending on unemployment costs, as this is an expense item you can significantly lower. Here are some tax savings numbers experienced by CHC customers of FNP.
